Pilliefore the public.

Tallahasse, Leon Co., Florida, July 17, 1860.

To Dr. Herrick, Albany.

N. Y.—My Dear Bootor:—I write this to inform you of the wonderful effect of your Sugar Coated Pills on my eider daughter. For three deer daughter. For three steadily failing during that period. When in New York in April last, a friend advised me to test your Pills. Having the fullest confidence in the judgment of my friend, I obtained a supply of Messrs. Barnes & Park, Druggists. Park Row, New York. On returning home, we ceased all other treatment, and administered your Pills, one each night. The improvement in her feelings, complexion, digestion, etc., surprised us all. A rapid and permanent restoration to health has been the result. We used less than five bones, and consider her entirely well. I consider the above a just tribute to you as a Physician and trust it will be the means of inducing many to adopt your Pills as their family medicines.

I remain, dear sir, with many thanks,

Your obedient servant,

S. G. Morrison.
